■ FREITAG PRODUCTS

From classic messenger bags, timeless backpacks, shoulder bags, shoppers and belt bags to laptop sleeves, wallets and pouches, FREITAG stands for durable, water-repellent, repairable one-off products.

Most of them are made from upcycled materials, B-stock goods, and recycled components. And in a best-case scenario, they are even circular. We give discarded truck tarps, salvaged car seat belts, used PET bottles, or old ski boots a second life as robust and versatile everyday companions.
